RUBRICS FOR INTEGRATIVE PROGRAMMING –FINAL HANDS-ON EXAM

Schedule:			Date:		
Project title:					
PROJECT CRITERIA	Highly Implemented 5	Satisfactory Implemented 4	Fairly Implemented 3	Partially Implemented 2	Not Implemented 1
PROGRAM SOURCE CODES					
Syntax Ability to understand and follow the rules of writing PHP programs (20%)	The application correctly executes all functions.	The program executes, but there are unnecessary codes within the program.	Some parts of the program execute, and some parts are not.	The program doesn't execute but can be fixed easily (missing semicolon, wrong names, etc.).	Program does not execute
Logic Ability to determine appropriate conditions and the overall flow of the program (15%)	Program logic is correct.	Program is correct but program logic contains errors and redundancy.	Program has some logical errors that may just be miscalculations on conditions.	Program logic does not conform to the directions.	No logic is applied to the program at all.
Correctness Ability to write appropriate algorithms that give the correct output. (20%)	Program produces the correct output based on the input given	Program produces correct output on most inputs.	Program output are almost correct and has some minor miscalculations	Very few correct outputs are found.	Program output is incorrect. Needs major rework in calculations.
Program Design Ability to design a proper UI for the users to interact with the program. (30%)	Design is well thought. Design doesn't hinder the user experience.	Design is well-thought and is aesthetically pleasing	Design is lacking in places	The design is inappropriate to the topic	Design needs improvement and the program is not user friendly
Code Organization Ability to write well-organized and structured code.	Objects are named descriptively	Objects are mostly named	Objects are fairly named appropriately,	Objects are inconsistently or poorly	Object names are unclear or use default

(10%)	and appropriately for their purpose; code is consistently and clearly organized, commented, and indented..	appropriately, but some could be more descriptive; code is mostly organized, commented, and indented, with a few minor issues such as inconsistent indentation or naming conventions	but some could be most descriptive; code is mostly organized, commented, and indented, with a few minor issues such as inconsistent indentation or naming conventions	named, making their purpose unclear; code is generally unorganized and difficult to follow, with issues such as poor indentation, inconsistent naming conventions, and few or no comments	names, making it difficult to understand their purpose; code is disorganized and unreadable, with little or no indentation, no comments, and inconsistent naming conventions.
DOCUMENTATION					
Completeness/Correctness Ability to present the required document correctly. (5%)	All the required parts of the document are present and correct.	All parts of the documents are present with minimal incorrect parts.	Some parts of the document are missing.	Most parts of the documents are missing and a lot of incorrect parts were observed.	No documentation was presented at all.
TOTAL

I. PROJECT OVERVIEW

Marinduque is a province in the Philippines that's made up of islands. It's part of the Mimaropa region and can be found in the south of Luzon, which is the biggest island in the country. Marinduque is famous for its stunning natural surroundings, beautiful beaches, and fascinating culture. Duque Tour Guide is a web application that can help you with your stay in Marinduque. Duque Tour Guide is created to help the tourist or the locals of Marinduque to know what places should be visited during the stay in Marinduque, and what should be visited before going to other places. This web application got you covered.

Objectives

The primary objective of Duque Tour Guide is to serve as a reliable and comprehensive resource for both tourists and locals, assisting them in discovering enjoyable ways to spend their vacation time. With a human touch, the platform aims to provide personalized and meaningful recommendations to ensure that individuals can make the most of their leisure and create unforgettable experiences. Duque Tour Guide goes beyond the traditional travel guide by offering a wealth of information about various destinations. It provides detailed insights into popular tourist attractions, historical landmarks, natural wonders, and cultural sites, allowing visitors to delve deeper into the essence of the place they are visiting. Also Duque Tour Guide

recognizes the need for locals to find exciting and fulfilling activities during their vacations. Whether individuals are looking for a weekend getaway or simply seeking a break from their routine

Audience

Duque Tour Guide is a platform that serves to a wide audience of individuals looking a getaway trip. Whether they are passionate travelers want new adventures or locals need for a refreshing break. By offering valuable insights, personalized recommendations, and activities, Duque Tour Guide ensures that every traveler, regardless of who they are or preferences, can start on a memorable journey of exploration and self-discovery.

Scope

The scope of Duque Tour Guide is to be a comprehensive and user-friendly platform that caters to a diverse audience of passionate travelers and locals seeking unforgettable getaway trips. By offering valuable resources, personalized recommendations, and activities, the platform aims to empower and inspire individuals to begin on transformative journeys that excite their sense of adventure. With a focus on providing insider tips, expert insights, and a personalized touch, Duque Tour Guide goes beyond the traditional travel guide, helping users uncover hidden gems, explore captivating destinations, and create lasting memories.

Features

Duque Tour Guide offers an impressive features that enhance the user experience. With the ability to view charming pictures, users can visually immerse themselves in the beauty of different destinations. Detailed descriptions provide comprehensive information about each location, empowering users to make informed decisions about their travel plans. The user friendly search function enables easy navigation and quick access to specific information or destinations of interest. Additionally, the "Contact Us" feature ensures that users can easily reach out for support and assistance. With its combination of stunning visuals, informative descriptions, intuitive search functionality, and accessible customer support, Duque Tour Guide provides a comprehensive and user-centric platform for individuals seeking travel inspiration and guidance.

Functionality

Duque Tour Guide stands out with its user-friendly and intuitive functionality, making travel planning a seamless and enjoyable experience. With a carefully designed interface, users can effortlessly explore a wide range of destinations, attractions, and activities. The powerful search feature allows for quick and efficient access to specific information, saving valuable time and effort. The platform also enables users to create personalized itineraries by saving their favorite places, providing convenience and easy organization of travel plans. With stunning visuals capturing the essence of each destination and detailed descriptions providing in-depth insights, Duque Tour Guide caters to diverse traveler needs, offering inspiration, practical information, and assistance. Its commitment to user satisfaction ensures that planning a dream getaway becomes a smooth and delightful process.

About

Marinduque

The Province of Marinduque, is an island province in the Philippines located in Southwestern Tagalog Region or Mimaropa, formerly designated as Region IV-B. Its capital is the municipality of Boac. Marinduque lies between Tayabas Bay to the north and Sibuyan Sea to the south. It is west of the Bondoc Peninsula of Quezon province, east of Mindoro Island; and north of the island province of Romblon. Some parts of the Verde Island Passage, the center of the center of world's marine biodiversity and a protected marine area, are also within Marinduque's provincial waters.

    <div class="box">
      
      <h3>Morioner Festival</h3>

```

The Moriones is a lenten festival held annually on Holy Week on the island of Marinduque. The Moriones tradition has inspired the creation of other festivals in the Philippines where cultural practices is turned into street festivals. The festival is characterized by colorful Roman costumes, painted masks and helmets, and brightly colored tunics. The towns of Boac, Gasan, Santa Cruz, Buenavista and Mogpog in the island of Marinduque become one gigantic stage.

Palad SandBar

Palad Sandbar is one of a kind places for outdoor enthusiasts and beach lovers. It features powdery white sands that flush through the crystal clear waters, which appears during low tide. It's advisable to go here in the morning when the tide is usually low. You can reach sandbar via a 30-minute boat ride from Maniwaya. Palad Sandbar is a one of a kind place for beach lovers. Located in Maniwaya Island in the province of Sta. Cruz, Marinduque,
